TOWN OF SOUTHBURY
SPECIAL REVENUE FUNDS
FISCAL YEAR 2025-2026

Special Revenue Funds are used to account for all revenue and expenditures authorized by a legislative body to be used for a specific purpose. The annual administrative budgets for the special revenue types are listed below. Any unexpended portion of these appropriations shall be held and remain at all times in these funds, segregated from the Town's General Fund. These funds are municipal budget neutral.

	Estimated Balance June 30, 2025	Appropriation	Estimated Revenue	Estimated Balance June 30, 2026

The police private duty fund is used to record, collect and pay the wages of police officers hired by businesses, Region 15 and individuals who require a police officer. Examples would be CL & P for traffic control and Region 15 for sporting events and other functions. The Town collects the direct payroll costs as well as overhead. This fund is maintained by the fiscal office who has the authority to spend these funds.

The Parks and Recreation Revolving Fund was established to handle the programs offered by Parks and Recreation by outside instructors. These programs are not funded by the Parks and Recreation budget. In each of these program offerings, the Town does not have any financial risk because the only direct expense is the reimbursement of the instructor and this is based on the number of students. If there are insufficient attendees, the program is canceled. The student fee is determined by taking the instructor fee plus supplies and adding to that an "overhead" charge to compensate the town for use of the building and utilities, marketing, and administration (including credit card fees) by the Parks and Recreation department. Over the years, it has become common to utilize the balance in the fund to pay for town-wide events like the summer concerts. The Parks and Recreation Director maintains and has the authority to spend these funds.

The Elderly Services & Program Fund is made up of three separate funds. One is the transportation fund (440) which is net state grant monies carried over from the previous fiscal year. This is required by the grant. These funds are spent in the subsequent year before any new grant funds can be spent. Expenditures are approved by the Directors of Elderly services and Social services who have the authority to spend these funds.

The second fund included here is the "Friends" fund (465) which was established when the "new" senior center was being built. It is made up of totally donated funds and the "Friends of the senior center" has the authority to spend these funds.

The third fund (468) is the Elderly service fund which is made up of totally donated funds. The Director of Senior Services approves the expenditures for the betterment of Southbury's' seniors. The Director has authority to spend these funds.

The Town Clerk Record Preservation fund was established by a public act in 2000 and 2005 and receives its revenue from from a \$2 per document fee collected by the Town Clerk. The Town clerk has the authority to spend these monies on record restoration and preservation and on education.

The library gift fund is utilized to pay for enhancements to the library above and beyond Town funding. The Library Board of Directors has the authority to spend these funds.

The planning fund was established so that developers could give the Town money in lieu of the 15% land requirement for open space from any new subdivision. These funds can be used to buy open space. A Town meeting is required to spend these funds.

The Town Clerk LOCIP fund was established by a state statute in 2005. A fee of \$3 per document is collected.

These funds can be used to pay for local capital projects. (LOCIP) The Board of Selectmen and Board of Finance approves spending these funds.

The Parks Improvement fund is to be utilized to pay for enhancements not covered under the Town's normal operating budgets. The Board of Selectmen and Boards of finance approves spending these funds.

Funds received for settlement on trees cut on Town owned property. To be spent only to replace trees in town at the discretion of the Historic Tree Committee in consultaion with the Public Works Director.

"Shall the Town of Southbury appropriate \$24,426,644 for the municipal budget and approve the special revenue funds appropriations for fiscal year July 1, 2025 to June 30, 2026?"
