Re: RFP 2026-001: Road Drainage Replacement

Ten bids for Road Drainage Replacement were received on March 10, 2026. Present at the bid opening were myself, Finance Director Dan Colton, Road Foreman Tom Farrelly, and Selectmen's Office Admin Betsy Rosa.

Bids were solicited for replacement of storm drainage pipe on various roads (Woods Way Drive, Beacon Hill Drive, and Cedar Grove Road) that are being chip sealed later this year. Paving and restoration of the disturbed areas was also included. Bids were evaluated on the basis of combined total price for all three roads.

Based on the bids received, it is our recommendation that the award be made to Asphalt Repair Solutions Inc. of Southbury. Asphalt Repair Solutions has worked for the Town of Southbury previously, and has significant experience with drainage work for other municipalities as well. Their bid appears reasonable and balanced.

Please see the attached sheet detailing each bid received. If you have any questions please let me know.
