LEXI POLASEK

Parks & Recreation Professional, M.S., Red Cross Instructor in CPR/AED/FA, Co-Chair of the Connecticut Recreation & Parks Association (CRPA)

About Me: I've worked in the Parks & Recreation field for almost 6 years, and have worked in Southbury for almost 2 years. I have a daughter, 2 cats, and 2 dogs. I am known for being "extra", kind, and going above & beyond for others. My favorite color is blue, my favorite animal is a dolphin. I enjoy traveling, doing arts & crafts, spending time with my family & friends, having coffee, playing video games, reading, and seeking adventure!

"EVERY ADVENTURE REQUIRES A FIRST STEP!"

I did not choose this career path, it choose me and I wouldn't change it! There will always be challenges, no matter what job or lifestyle you walk through, but this is the one job that is never dull. I take pride in the work that I do and the effort each one of YOU do for our camp!

"If I cannot do great things, I CAN do small things in a great way" -MLK

Working in the Parks & Recreation field you will wear many hats (aka playing different roles). Whether you are working at camp, aquatics, special events, or sports, being a part of a Parks & Recreation team is a highly enjoyable and rewarding experience. You will create new memories and network with peers, staff, children, and families. In my opinion, some of the most rewarding takeaways from this job are:

- Connecting with new people
- Always learning and growing
- Giving back to the community
- Being part of a team & work "family"
- Mentoring & teaching others
- Having fun while getting to work
- Getting to watch all of YOU grow :)

**Thank you everyone for an amazing Summer!
I hope to see everyone again next year!**
